RETIVANCE[®] SKIN REJUVENATING COMPLEX
SUZANO BAGIMD

From the doctor-recommended, consumer-loved brand comes this multitasking, luxe treatment that checks all of the boxes when you're looking to improve the appearance of aging skin: lines are visibly reduced, tone is evened out and texture is refined, all without aggravating sensitive skin.

Why the company created it:
Obagi Medical partnered with dermatologist Dr. Suzan Obagi to create a line of safe yet effective products that address the growing trends in the market and cater to ingredient-savvy consumers.

STAR INGREDIENT retinaldehyde

A vitamin-A precursor of retinoic acid that helps to improve the appearance of firmness and elasticity and reduce the look of fine lines and skin roughness.

what the editors say

"Even stubborn complexions will reap the benefits of this safe-for-every-skin-type cream that makes skin look more youthful."

What it is: A powerful yet soothing cream designed to improve skin tone and texture and minimize the appearance of fine lines and wrinkles.

How to use it: Apply three pumps to your face and massage gently into your skin in the evening.
