

Power + Distribution Simplified

Powered By Industry-Leading Manufacturers

THE CHALLENGE

Modern networks demand equipment compatibility, clean cable routing, uptime assurance, and scalable power solutions—all while navigating space constraints and evolving infrastructure requirements.

OUR SOLUTION

Powering Business Worldwide

StayOnline[®]
The Power Cord Company

From high-performance power cords to mission-critical power distribution and cable management, we deliver integrated, UL-approved solutions that meet modern IT infrastructure needs with speed and reliability.

Efficient power connectivity and structured distribution systems are essential in today's complex, high-density networks. StayOnline and Eaton provide best-in-class products for optimized power delivery and cable organization—from the wall to the rack.

KEY BENEFITS

- Custom Power Cords: StayOnline delivers fast-turn, UL-certified cords with global configurations.
- Rack PDU & UPS: Eaton's scalable power infrastructure keeps systems online and protected.
- Cable Tray & Pathway: Eaton B-Line provides robust cable support for clean, compliant installs.
- One-Stop Coordination: Project-specific configuration and coordination for streamlined deployment to ensure a seamless fit.

LET'S TALK

Contact Morgan Hill to create a Rough Order of Materials (RoM) for your project. We'll align StayOnline and Eaton solutions to your exact configuration

• **Send the RoM to your preferred distributor for pricing**

RACKS

OVER 145 MODELS

- #1 wall-mount rack vendor
- 2U to 58U models available
- Wall-mount, open frame, colocation, extra-wide & -deep models
- Competitive pricing with 5-year warranties
- Custom solutions available
- Cable management & Overhead Pathways

COOLING SOLUTIONS

- #1 portable cooling vendor
- 2K & 7K BTU rack-mount; 12K, 18K & 24K portable & 33K BTU row-based units
- Zero-maintenance designs

NETWORK SWITCHES

- Managed & unmanaged switches with up to 27 ports
- Select models feature built-in 12-outlet PDU
- Select models feature PoE+ (Power over Ethernet)

POWER DISTRIBUTION UNITS

OVER 180 MODELS

- #2 PDU vendor
- Basic, metered & networked (monitored & switched) models
- Patented ATS PDUs
- Select models feature built-in LX platform interface
- Custom solutions available

KVM SWITCHES

- #1 console KVM vendor
- 4-, 8-, 16-, 32- & 64-port models
- 1U rack-mount & rack/console designs, with or without IP remote access

UPS SYSTEMS

OVER 375 MODELS

- #2 UPS system vendor
- 300VA to 210kVA capacities
- Line-interactive & true on-line rack-mount models (single- & 3-phase)
- Expandable runtime options
- Up to \$250,000 insurance & 3-year warranties
