Neighbourhood Watch Schemes exist so neighbours can come together to make their communities safer and be more neighbourly. Supported by the police and other agencies, they strive to:

- Encourage neighbourliness and closer communities/show members of a community are looking out for each other
- Keep you up-to-date with what is going on in your area
- Cut crime and the opportunities for crime/Prevent and tackle crime in your area
- Help and reassure those who live in the area
- Improve quality of life for residents
- Make where we live a nicer and safer place to live

Being a member of a Neighbourhood Watch Scheme can also save you money on your home insurance, and security items.

To become a member, scan the above QR code, or go to **www.ourwatch.org.uk/joinNW** and sign up as an individual member then follow the instructions to join a scheme.

Becoming a member of an active Neighbourhood Watch Scheme will enable you to receive crime updates, other community safety advice and warnings. Schemes vary in size, have different local concerns and use different methods of communication. However, all coordinators receive updates and share information with scheme members and Cheshire Police. Information could include:

- Local crime updates, alerting you to current crime trends or anti-social behaviour
- Crime reduction advice linked to current issues
- Other sources of community safety advice and assistance e.g. contacting your council about dog fouling, fly-tipping, noise nuisance and other anti-social behaviour.

Members are encouraged to take action to reduce the opportunity for crime and anti-social behaviour by:

- Improving home and personal security
- Looking out for neighbours, especially those who may be vulnerable
- Noting down, and reporting, suspicious incidents
- Working with Cheshire Police and other agencies to identify local issues and solve problems where there are community concerns.

How to contact Cheshire Police

Go to **cheshire.police.uk** enter your postcode into 'Find your area' for more information about your local policing area, including who your local beat team are.
