

# How to add your Member's Area as an app icon on your phone

## Go to your internet page on your device

Type <https://members.ourwatchmember.org.uk> into the address line

## Click on the box with an up arrow at the bottom of screen

You will then see a menu appear. This works on iPhone and Android. Select ADD TO HOME SCREEN.

## Give the icon a name

Name the Icon/App and click on ADD.

## Your App is now on your home screen on your device!

Well done for adding the Member Area to your phone. Now let's start using it...

## Remember to ensure your device is password protected

Make sure that your device is protected and when not using it, that it is password protected.
