Local Policing Supt. Peter Crowcroft Cheshire Constabulary

Cheshire
Constabulary

Community AREA COMMITMENTS

This Commitment describes the focus of our dedicated Neighbourhood Police Constables and PCSOs to each of our Communities in Cheshire.

We will:

- 01 Have a dedicated resource aligned in each Community, giving a consistent point of contact
- 02 Have a bespoke and tailored patrol plan for each area, which covers vulnerability, road safety issues, diverse communities, businesses, places of faith, places of education and local priorities and incidents
- 03 Work with partners and schools to build positive relationships with young people
- 04 Build trusting relationships to understand, work with and empower our communities and partners to address issues using the OSARA problem solving approach
- 05 Keep communities updated on policing in their area and feedback through publicised local meetings and visits
- 06 Work with partners to protect vulnerable people and communities
- 07 Provide information and advice to help people keep safe and prevent crime, promote the PREVENT agenda and provide feedback to communities to demonstrate the action taken as result of their concerns and priorities
- 08 Reduce the impact of serious and organised crime on their community area through the submissions of intelligence, proactivity and the management of key offenders and registered sex offenders
- 09 Maintain professional knowledge and demonstrate continuous professional development
- 10 Treat all communities and individuals with compassion and fairness and in support of We Care

CNWA's New Website

Drivers for change:

- Develop independent capability
- Current website offers little or no flexibility to develop content
- Soon required to pay for current website even though it doesn't meet our needs
- Increased importance due to lack of opportunities to engage in person due to pandemic

www.cheshirenw.org
