## How to log in to your account

[Follow](#)

Logging in to your account will allow you to edit your settings and details, should you ever need to. Logging into your account will vary depending on the website you have signed up with, but there is usually a "Log in" button on the website.

For example, on the Neighbourhood Alert website, there is a login on the top navigation bar:

On a different website such as Ourwatch, you would need to open the menu at the top and then select "Sign In":

Every Alert website is different, so if you ever need assistance in finding the log in section for your specific Alert site, get in touch with our support team who are happy to help you find your log in section.
