Expires Sep 16 2022, 10:38 AM CDT

KOLV NOTAMS

*showing airport NOTAMS only
current as of April 20, 2022*

1. The control tower requests that everyone check in with Memphis Approach on **125.8** (East) **119.1** (West) at 30nm out. That way, everyone will be checked into the ATC system prior to contacting the tower.
2. Expect taxiway Echo to enter fly-in parking. This is shown in red. Butch Mauldin will be standing at Echo with a handheld and a sign telling them to tune into my frequency. We will be using **123.45** for fly-in coordination. Butch will then ask them if they need a tie down or if they are ok with chocks.
3. Anyone who is ok with chocks will be sent to the yellow area (left turn off Echo).

PA-32 FLY-IN NOTAM

4. Anyone who needs to be tied down will be led to the **green** area (right turn off Echo). **Please bring your own tie down ropes!**
5. If we run out of tie downs in the **green** area, we will lead them to the **blue** area (on Friday). Then, on Saturday, we will have anyone tied down in the **blue** area, move their planes to the **yellow** area (if they want to) in order to have all the airplanes parked together for walk around during the day
6. When departing leave ramp on taxiway Foxtrot.

PA-32 FLY-IN NOTAM

▶ Fly-in Store:

- ▶ <https://pa-32-owners-pilots.myshopify.com/collections/all>

▶ Fly-in Registration

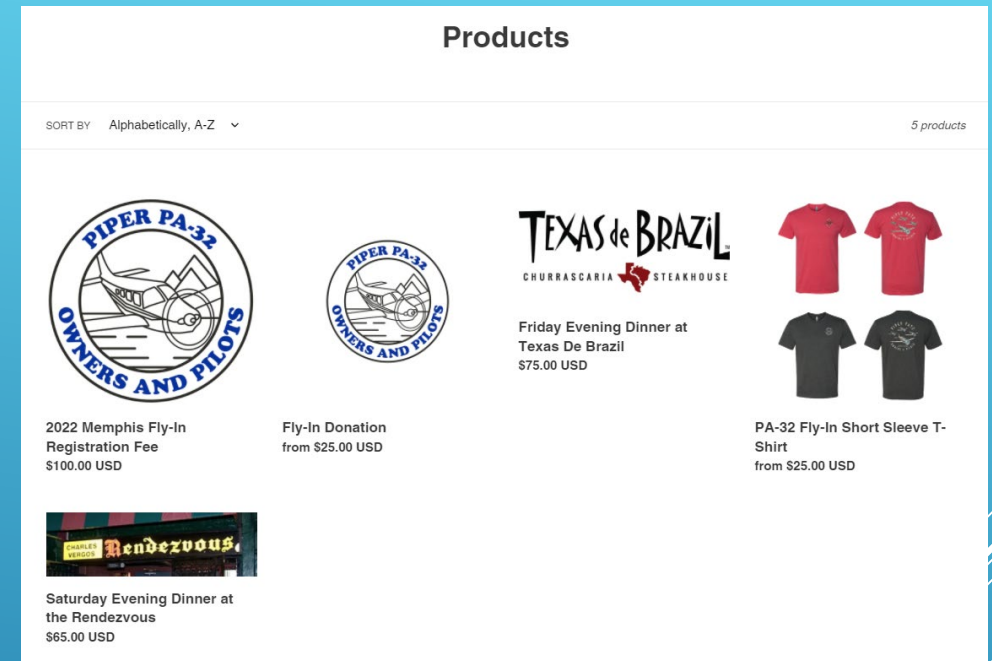

- ▶ \$100 per aircraft (not per person) to help us cover the cost of portable bathrooms, transportation, and other fly-in support expenses
