5. Were you referred by anyone? If so, please type out their name.
6. Which program plan are you choosing (A, B or C)?

Philosophy in Greece Conduct Agreement

Program participants are expected to act in a manner that is respectful to owners/representatives and fellow travelers, program participants are required to obey the law, and represent the program and the USA in a responsible and respectful manner. We expect program participants to act as adults and to make responsible decisions. Also, we expect program participants to report any behavior that the program participant(s) deems a violation. The reporting can be and should be completed anonymously. If a program participant(s) is found in violation the program participant may be dismissed from the program and returned to the United States at the program participant's own expense. I understand that the following are violations of the code of conduct:

- Name calling and behavior that isolates or ostracizes fellow program participant(s).
- Taking of another program participant's or owner/representatives personal property without permission.
- Failure to be an engaged program participant, while traveling to core locations.
- Any solicitation of illegal drugs, possession or use of any illegal drugs, and breaking of any country's laws.
- Sexual misconduct, including harassment or assault.
- Behavior that disturbs other hotel guest, if the program participant is sharing a room with another program participant, the program participant cannot allow anyone into their hotel room that is not part of the program, program participant(s) cannot solicit other program participant(s) to break the rules listed in this document, destruction of hotel property, or behavior that may be deemed unsafe or violent.
- Any other violation(s) not included here that puts the program participant or other program participants at risk of harm.

A program participant may also be dismissed from the program and returned to the United States at the program participant's own expense, in the event the owners/representatives determine, in their absolute and sole discretion, that the program participant cannot continue with the program due to the program participant's physical or mental condition, or that the program participant's conduct is detrimental to or in conflict with the program, or is out of harmony with the best interest of the group as a whole. In the event that a program participant is dismissed from the program, the program participant will not be entitled to a refund of any monies paid for or in connection with the program.

Referral Program

1. If you refer a person to the program and they list you as the one that referred them in their application, then you will have that person counted towards the people that you referred.
2. For every person you refer (not including yourself) that pays off the trip in full, without any refund(s), you will receive a \$250 credit to your own trip, up to 4 referrals, for the \$250.
3. At five paid in full referrals, you will receive the plan C trip for free, or you can apply \$2500 toward any plan on the list, except for any of the two week plans.
4. You should keep up with all payments on the payment schedule, as if you have no referrals, because anyone could pull out of the trip at any time for any reason.
5. So, you will not receive credit for your referrals, until the trip closes with no refunds offered on March 1st .
6. Please do not depend on referrals as part of the payment for your trip. You should consider your referrals final for your payment, only after March 1st.
7. Please initial stating that you understand and agree.
