

Citizens of Burnett County:

Enough is Enough!

Stop so-called “campground” development!

The Land Use & Info Committee meets
Tuesday, May 4th, 9am.

They will review a 60-RV “campground” proposal on Devil’s Lake — where another instant city of 200 people could pop up on the shores of your favorite fishing lake.

You can watch the meeting on the
Burnett County YouTube Channel.

Believe it or not, it’s kinda fun.
