

## BUILDING TO A HIGHER STANDARD

### **Projects**

What and where are the best projects to grow your contracting business?

### **Estimating**

How efficient and accurate is your process for takeoffs and estimating?

### **Management**

Do you always have the best manager for the most important projects?

"REALITY IS THE  
POSSIBILITIES  
WE CREATE -  
NOT THE  
LIMITATIONS  
WE'RE GIVEN."

-Bryce Perkins

BEESINDUSTRIES.COM

**"TEN YEARS  
FROM NOW  
YOU WILL  
SURELY  
ARRIVE. THE  
QUESTION IS:  
WHERE?"**

- Jim Rohn

## **The Future is Being Built Today**

Do you have the desire to meet the challenges?  
Are you operating at max capacity and peak efficiency?  
Is your company equipped with the strategy to thrive?

### **Opportunities**

Access is everything. With direct access to the developers and projects that matter most we can further build your reputation and revenue.

### **Takeoffs**

Accurate quantities are critical to the success of every construction project, without them you could cost your company thousands of dollars.

### **Estimating**

Having direct relationships with the best wholesale building material vendors is essential to getting the job done at the lowest cost, and greatest margin.

### **Bidding**

Knowing your numbers for both labor and materials gives us the ability of quickly responding to all bid opportunities.

### **Management**

Growing your brand is a key component of getting bigger and better jobs, taking your contracting business to the next level and beyond.

## Setting the Standard

Our professional project managers are equipped with years of education and experience in the construction and building industries.

## Research & Review

Knowing your industry and project details at a high level gives us the ability to make quick decisions that affect your company's performance.

## Pre-Construction

Attending all necessary pre-construction meetings and previewing the job site in person helps us to manage an efficient project from start to finish.

## Scheduling

Accurately controlling the flow of labor and materials is a critical piece of our strategy to maximize margins and minimize losses.

## Supervision

Experienced job site leadership setting the standard of excellence that you have built your companies reputation on.

## Follow-Through

The most important aspect of a job well done, this is where reputations are made. From the first walk through to the final approval Bees Industries is there.

## TRUST

Our partners in land and building development need to know they can trust Bees Industries to deliver the best contractors for the job.

## LOYALTY

The foundation of our business is built on the loyalty Bees Industries has for our contracting partners, and they have for us.

## INTEGRITY

Maintaining the highest level of integrity Bees Industries is committed to bidding on the best projects for our exclusive partners.
