

BUILDING TO A HIGHER STANDARD

Projects

What and where are the best projects to grow your contracting business?

Estimating

How efficient and accurate is your process for takeoff and estimating?

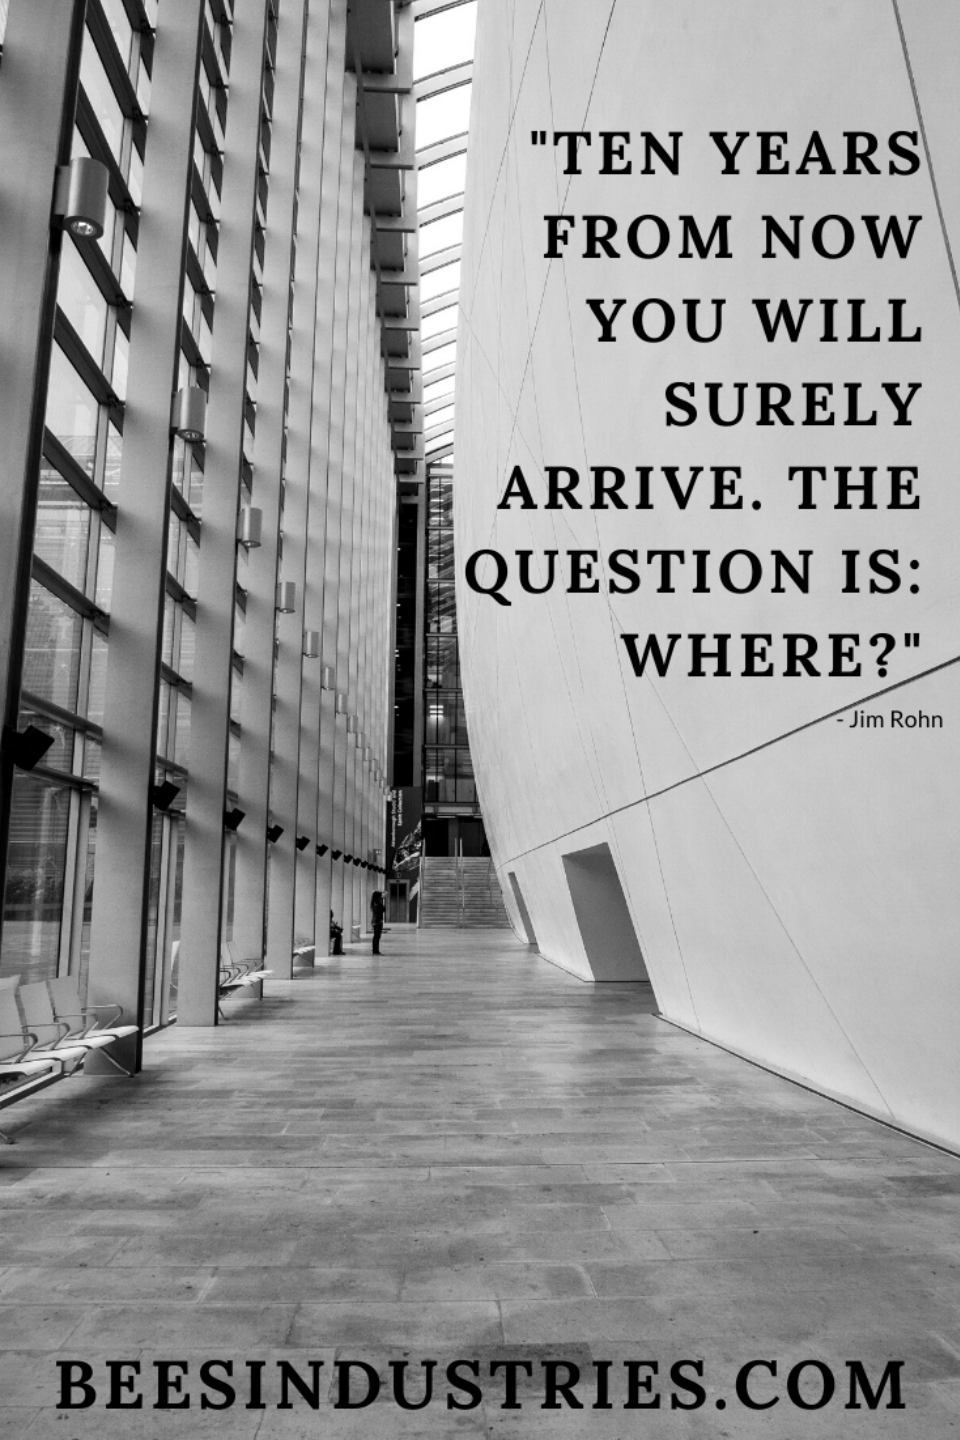

Management

Do you always have the best manager for the most important projects?

"REALITY IS THE
POSSIBILITIES
WE CREATE -
NOT THE
LIMITATIONS
WE'RE GIVEN."

-Bryce Perkins

BEESINDUSTRIES.COM

**"TEN YEARS
FROM NOW
YOU WILL
SURELY
ARRIVE. THE
QUESTION IS:
WHERE?"**

- Jim Rohn

The Future is Being Built Today

Do you have the desire to meet the challenges?
Are you operating at max capacity and peak efficiency?
Is your company equipped with the strategy to thrive?

Opportunities

Access is everything. With direct access to the developers and projects that matter most we can further build your reputation and revenue.

Takeoffs

Accurate quantities are critical to the success of every construction project, without them you could cost your company thousands of dollars.

Estimating

Having direct relationships with the best wholesale building material vendors is essential to getting the job done at the greatest margin.

Bidding

Knowing your numbers for both labor and materials gives us the ability of quickly responding to all bid opportunities.

Management

Growing your brand is a key component of getting bigger and better jobs, taking your contracting business to the next level and beyond.

Setting the Standard

Our professional estimators and project managers are equipped with years of education and experience in the construction and building industries.

Research & Review

Knowing your industry and product details at a high level gives us the ability to make quick decisions that affect your company's performance.

Pre-Construction

Attending all necessary pre-construction meetings and previewing the job site in person helps us to manage an efficient project from start to finish.

Scheduling

Accurately controlling the flow of labor and materials is a critical piece of our strategy to maximize margins and minimize losses.

Supervision

Experienced job site leadership setting the standard of excellence that you have built your companies reputation on.

Follow-Through

The most important aspect of a job well done, this is where reputations are made. From the first walk through to the final approval Bees Industries is there.

TRUST

Our partners in land and building development need to know they can trust Bees Industries to deliver the best contractors for the job.

LOYALTY

The foundation of our business is built on the loyalty Bees Industries has for our contracting partners, and they have for us.

INTEGRITY

Maintaining the highest level of integrity Bees Industries is committed to bidding on the best projects for our exclusive partners.

Are these the type of projects you're currently working on?

Are these the type of projects you want to be working on?

ALOFT HOTEL

WESTMINSTER, CO

GMP PACKAGE

18 JULY 2018

GRAPHIC RENDERING
NOT TO BE USED FOR
PURPOSES OF RECORD OR
CONSTRUCTION

We are excited for the opportunity of potentially working with your contracting, manufacturing, or distribution company as your **project estimator** and **product representative**. But first there are a few things you should know about us. We always represent your brand and company, not ours, when dealing with your customers, potential customers, and invitations to bid. We work on a 100% commission only basis, meaning you do not pay us for the products or projects we don't get awarded. Our only upfront cost is a guaranteed refundable retainer of future commissions to cover the initial time and travel expenses of getting your products sold and projects awarded.

CONSTRUCTION BUSINESS PARTNERSHIP

- Endless Access to Projects
- Website Directory Listings
- Mobile App Directory Listings
- Exclusive Business Events
- 30 Second Commercial

...and so much more!

CHIEF ESTIMATOR & SENIOR PROJECT MANAGER

1. Travel to your business location and spend one week implementing our construction estimating, project management, and content creation systems and procedures on your network using either Google or Microsoft tools that you should already have. No additional software will need to be purchased, and some software subscriptions may be eliminated, saving time and money.
2. Learn about your products, services, customers, and operations to better understand where, when, and how to estimate projects and promote products for your company.
3. Work together with you to establish typical unit pricing for materials, products, and labor as part of our systematic process of estimating future projects and selling future products.
4. Visit with you at least one of your active project jobsites, production facilities, or distribution centers, if possible, to gain a better understanding of your operations through visual reference.
5. Receive your invitations to bid, perform the materials, products, and labor quantity takeoffs, and process the invitations into proposals by the bid deadline multiple times weekly. Answer follow up emails and phone calls with the GC and developer until a contract is issued.

BRYCE PERKINS – GENERAL CONTRACTOR

PRODUCT SALES & DEVELOPMENT SPECIALIST

1. The obligation of Bees Industries is to produce shop drawings, submittals, and other related preconstruction documents upon receipt of a letter of intent, or contract issued to the Client, from the Contractor, by efforts of the Consultant. As well as attending one pre-construction meeting on behalf of the Client, by request of the Contractor or Client.
2. Bees Industries Partners will not be charged additional fees for Construction Management Services, including what is stated in the "Construction Project Sliding Scale Agreement", until the full price of the "Partnership Agreement" has been recuperated by the Client, through the efforts of the Consultant.
3. All Bees Industries Partners receive 10% of all pricing stated in the "Construction Project Sliding Scale Agreement", as well as any, and all services available from Bees Industries and its affiliated LLC's
4. Bees Industries must work diligently to secure contracts for the Client to be entitled to commission payments set forth in the "Construction Product Sliding Scale Agreement". A commission is to be paid by the Client, to the Consultant upon issuance of a contract to the Client through the efforts of the Consultant.
5. One Year Money Back Guarantee – Get your full ROI back in one year or less through a combination of savings and revenue, or we will refund your money.
