BRYCE PERKINS
 BEES INDUSTRIES
 6145 BROADWAY
 SUITE 48
 DENVER CO 80216

4/21/2021

Your test score(s) for all Erosion and Stormwater Management Certification Program workshops that you have attended to date are listed below. A score of 70% or above is required for certification.

If your score is lower, you have not received certification, However, you have the option of re-taking the exam at one of the remaining scheduled courses. Please contact our office at the address or phone above for instructions.

You will receive a wallet-sized certification card in June. Until then, this letter is your proof of certification for all courses.

If you have questions about this program, or if you have received this notice in error, please contact us at the above address or phone number.
