

AI Standard Terms

The following terms ("**AI Standard Terms**") are hereby added to and become part of the Agreement as Additional Terms. Capitalized terms not defined in these AI Standard Terms have the meanings given in the Agreement. The Agreement applies to the AI Features as part of the Cloud Service with the following modifications.

1. **Use of AI Features.** Customer may submit Customer Data (including in the form of prompts or queries) to the AI Features ("**Inputs**") and receive outputs from the AI Features ("**Outputs**").

"**AI Features**" means machine learning or artificial intelligence features of the Cloud Service.

2. **Training :**

Provider may use Inputs and Outputs to train or otherwise improve the AI Features.

3. **Similar Outputs:**

Customer acknowledges that Outputs provided to Customer may be similar or identical to Outputs independently provided by Provider to others.

4. **Disclaimer:**

Outputs are generated through machine learning processes and are not tested, verified, endorsed or guaranteed to be accurate, complete or current by Provider. Customer should independently review and verify all Outputs as to appropriateness for any or all Customer use cases or applications. The warranty disclaimers and limitations of liability in the Agreement for the Cloud Service apply to the AI Features.

5. **Third-Party Providers :**

Customer agrees to abide by any third-party terms and conditions relating to the AI Features.

6. **Special Restrictions on Use of AI Features:**

The following restrictions are deemed part of the AUP of the Agreement. Without limiting any restrictions on use of the Cloud Service in the Agreement, Customer will not and will not permit anyone else to:

1. use the AI Features or any Output to infringe any third-party rights,
2. use the AI Features or any Output to develop, train or improve any AI or ML models (separate from authorized use of the Cloud Service under this Agreement),
3. represent any Output as being approved or vetted by Provider,
4. represent any Output as being an original work or a wholly human-generated work,
5. use the AI Features for automated decision-making that has legal or similarly significant effects on individuals, unless it does so with adequate human review and in compliance with Laws, or
6. use the AI Features for purposes or with effects that are discriminatory, harassing, harmful or unethical.
