

WATER WHEEL FIRE & MEDICAL DISTRICT

10603 N. Houston Mesa Road
Payson, Arizona 85541
928-474-3088 (*office*)
928-472-3392 (*FAX*)

Over the past 12 years the Fire District has implemented a program to bring Public Access Automated External Defibrillators (AED)s to several locations within the Fire District. Funding for these life saving devices has been provided by the Fire District, and generous donations and grants from the Water Wheel Fire & Medical District Auxiliary, the Beaver Valley Estates Auxiliary and the Mogollon Health Alliance. Each AED is housed in a weather proof yellow cabinet that is outside buildings to make them easily accessible to the public. The Fire District provides cost free training in CPR and the use of these devices to residents of the District, all they need to do is call and schedule a training session. The Fire District performs period maintenance on all of these devices to ensure they are always in operating order if they are needed in an emergency. Attached you will find maps of communities showing the location of these AEDs.
