

## NOTICE

Dear Homeowner,

Thank you for choosing Doug Young Nursery for your landscaping and gardening needs. It is our desire, for our nursery family, to provide the general public an opportunity to shop at a wholesale nursery locally in our beloved Forest Hill, Louisiana. To assist us in providing this opportunity to you, please help yourself as we are a **self service facility**. Understand that we must serve the nursery industry customer first. We ask that wholesale customers please identify yourselves upon arrival. Wholesale, to us, is defined as someone with a horticulture license who's business nature is reselling purchased plants.

Parents, please be careful with your children and pets. This is a working nursery and you or your children may not recognize the dangers of moving equipment, open tanks, chemical storage, ponds, and other necessary items needed to run a nursery. While every precaution has been taken to make this a safe and pleasant environment, everyone needs to assume responsibility for themselves and their children. If you are physically hindered, we ask that you be extra careful and bring someone with you as the greenhouses can be wet, slippery, and not as easy to walk through. Please, no motorcycles. Also, these roads are for DYN traffic only, no outlet allowed.

Enjoy your time at DYN!

-Marcia, Samantha, and the DYN Family
