

## Disinfectant Smoke Generator

2-Phenylphenol is a general surface disinfectant used in domestic, agricultural, commercial and industrial premises.

### Why use ACTIFOG™ OPP smoke generator?

ActiFog OPP is a dry disinfectant smoke, which is effective against bacteria, mould, virus and yeast. As the disinfectant smoke disperses the active ingredient comes into contact with all surfaces in the room and thereby treats both surfaces and air.

- ✓ Reduces airborne and hidden contamination sources which will prevent recontamination
- ✓ Allows disinfection of surfaces without any corrosion risk
- ✓ Provides disinfection of surfaces in production and storage rooms without requiring subsequent rinsing
- ✓ Reduces disinfecting handling costs
- ✓ Low residue level
- ✓ Quick, easy to use application and uniform dispersion with pre-dosed tins
- ✓ Safe for operators with limited exposure
- ✓ Lower quantities of biocide are required than to spray the same area

### Where to use ACTIFOG™ OPP smoke generator?

- ✓ Farms and animal breeding facilities
- ✓ Poultry sheds
- ✓ Hatcheries
- ✓ Kennels
- ✓ Silos and storage areas
- ✓ Greenhouses
- ✓ Industrial and commercial premises

### Pre-dosed Tins:

Generators are available in various tin sizes to cater for different treatment areas:

- 20g
- 60g
- 300g
- 600g
- 1000g
