

WERO Mini RO

The dependable Australian made reverse osmosis equipment

The WERO Mini's are a very versatile reverse osmosis system. The mini was designed to be an under-bench RO that could be used in laboratories or the medical profession to provide a pure water solution and be discrete and quiet when in operation. The mini comes in 1, 2 and 3 membrane options and can be customized to suit your application.

WERO MINI

| Size | Membranes | Flow rate |
|--------|-----------|-----------|
| MINI 1 | 1 x 4021 | 70l/h |
| MINI 2 | 2 x 4021 | 120l/h |
| MINI 3 | 3 x 4021 | 180l/h |

- Australian Made
- 304/316 Stainless Steel Frames
- Suitable for ULP membranes
- Post membrane conductivity display
- Flow range from 30-180/h
- Only quality components used
