5th Annual

L.G. Herndon, Jr. Farms

BULL & FEMALE SALE

LYONS, GA

OCTOBER 28, 2023

Welcome

TO HERNDON FARMS

We always look forward to this time of year, and for the opportunity to invite everyone to our Fifth Annual Production Sale on October 28, 2023. This year we have the most complete, and uniform set of bulls and heifers that we have ever offered. Whether you need a new herd sire, heifer bull, or you are looking for some low maintenance, well balanced females, I am confident you will find exactly what you are looking for in this year's sale.

We would like all our loyal customers, as well as first-time buyers, to know that when you purchase cattle from Herndon Farms, we stand behind them. We are here to meet your needs day or night. Our team looks forward to helping you in any way we can.

I would like to thank all our sponsors, as well as all our team members here at the farm, for making this sale possible. We are proud to be a family operation, and we couldn't do any of this without them. Our people are the bread and butter of our outfit.

Kevin is truly committed to using a disciplined breeding strategy, by using only proven sires to increase genetic consistency. Our herd has gone through a complete transformation since Kevin's arrival. He has worked very hard to convert our genetics program into some of the best cattle of their respective breeds. I honestly feel that this offering is far superior to our old program, and I cannot wait to see what the future brings. This is the perfect time to invest in high quality genetics that will create highly maternal cows with the ability to produce calves that will excel in the feedlot, or in growing your personal herd. Please don't hesitate to call us with any questions. We look forward to seeing you at the sale!

Sincerely,

Bo Herndon

L.G. HERNDON, JR. FARMS, INC.

TERMS & CONDITIONS

All sales are cash or check and settlement must be made upon conclusion of the sale. Cattle will not be released until settlement is made. Please make checks payable to Herndon Farm Enterprises. The cattle will sell under the Standard Terms and Conditions as recommended by the American Charolais Association, and Brangus Association.

LIABILITY

All persons who attend this sale do so at their own risk, legal or otherwise, for their safety of the behavior of the animals. The owner, sale consultants, and the sale staff assume no liability for property loss or accident that may occur.

Greetings,

On behalf of Herndon Farms, and our staff, we would like to welcome you to our Fifth Annual Production Sale. We value each, and every one of you, as friends, and customers.

The sale offering this year is the best we have put forward. The females represent some of the leading genetics in the Brangus and Charolais breeds respectively. The bull offering in both breeds will allow you to choose some of the best herd sires we have offered to date.

We have increased the number of bulls in our sale, to give our commercial bull customers a wider selection to choose from, to increase their profitability.

We at Herndon Farms are here to serve you, our customers.

Thank you for your continued support, see you at the sale.

Thanks,

LOT 1 | HF MS ICONIC 30K2 ET

A unique opportunity to own a daughter of T3 Ms Three D 30D sired by one of the most popular bulls in the Angus breed, DB Iconic G95. Iconic progeny are some of the most sought out Angus genetics in the breed. This deep ribbed, easy fleshing female is sure to make it into someone's donor pen. **She has 6 traits in the top 10% of the breed. WW 2%, YW 1%, TM 10%, SC 10%, REA 2%, Term Index 2%.** 30K2 may be the best female 30D has to date. Sells bred to calve in the Spring.

Retaining the right to 1 flush at the buyers convenience.

Three Impressive females out of LT Blue Value and Southern Alaine 5221. 5221 has had more impact on our program than any other female to date, as you will see throughout the bull sale. These heifers are moderate and deep ribbed, and carry muscle down through their quarter. These heifers are truly the "cowboy kind." They should make their new owner's an excellent donor female. Nine traits in the top 30% of the breed.

Selling choice of 1.

Retaining the right to 1 flush at the buyers convenience.

LOT 7 | HF VANNA 2378 ET

One of the first Keystone daughters to sell. This deep ribbed, phenotypically correct heifer has the look of a cow already. She is out of one of our Blue Value donors, that has already had an impact on our program. Don't miss this one. She has 7 traits in the top 10% of the breed.

Retaining the right to 1 flush at the buyer's convenience.

VIGORTONE

T3 Ms Three D 30D is the donor dam of Lots 14, 15, 16, and 17. She is one of the most prolific Brangus cows in the breed. She has generated well over \$500,000 in progeny sales, and is still producing some of the breed's leading genetics. These four brothers are sure to generate some excitement!

Lots 14, 15, and 16 are full brothers sired by the Angus bull DB Iconic G95. He has swept the Angus world by storm generating many high selling progeny across the country. His progeny out of 30D will be some of her first ultrablacks to sell.

Three sons of DMR Empire 795D12, and an own daughter of Baldrige Isabel Y69 C770; which serves as a donor at Herndon Farms. Y69 has generated over 1.5 million dollars in progeny sales in the Angus breed. There is some real cow power here! These 3 lots are super clean, heavy muscled individuals that should be true cow makers.

An elite son of LT Blue Value 7903 and our donor 8870. 8870 has risen to the top at Herndon Farms, and you will see a lot more out of her in the future. Take a look at this bull's shape. He's thick topped, and wide bodied in a moderate package. He also has a great EPD profile to go along with his look.

Retaining 1/4 semen interest.

I purchased two Charolais bulls from Herndon Farms six years ago and have just finished my 6th breeding season with these bulls. They are calm and easy to handle. They have held up without any additional feed from my normal cow herd, they have stayed sound and in good breeding condition the entire time. My calves continue to perform well and weigh heavy at weaning.

Sincerely,

Dr. Sam Evans
