Re: Finger Lakes Railway Crossing Repairs – Town of Hopewell, County Road 19

Finger Lakes Railway will be repairing the railroad crossing on County Road 19 between State Route 21 and Pioneer Road in the Town of Hopewell. The work is expected to begin July 27, 2026, and continue through August 3, 2026.

During construction, County Road 19 will be closed. Traffic will be detoured using State Route 21, State Route 96, County Road 7, and County Road 13. See attached detour map for details.

The County will notify town officials, local schools, emergency service providers, and the post office about the closure and detour. Please contact me at 585-396-4315 should you have any questions. Any construction or railway related questions may be directed towards Finger Lakes Railway at 315-781-1234

Sincerely,

Garrett Beisheim
Junior Engineer
Ontario County
