Tax Rate Error Discovered in Tax Bills for Town of Manchester and Town of Phelps for Parcels Outside Villages

It was discovered earlier today that property tax bills recently distributed by Ontario County to the Towns of Manchester and Phelps contained incorrect tax rate information for parcels within these towns that are located outside the village(s) in those municipalities.

Residents within those towns are asked not to pay the bills currently in their possession as the amount due is incorrect. New bills are being printed and distributed by the County to the Towns as quickly as possible.

Ontario County would like to make clear that the error effecting these residents was solely the responsibility of the County and no fault lies with the respective Towns. Everything is being done to address this as quickly as possible.
