

Juno's Day At Home

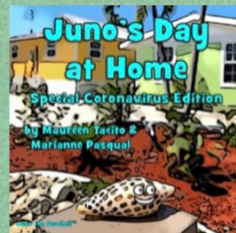

Review ★★★★★

Juno is just what the world needs now!

I give this book a 5 star rating! I'm a big fan of the Sanibel Sister's Books. I love the colorful pictures as they pair great with the storyline. The story is easy to understand for kids that they can't go to school or go outside much right now with all that is happening in the world. It's very entertaining and fun to follow along as Juno spends the day at home! Highly recommend.
