There is also an outdoor basketball/pickleball court, GaGa pit, sand volleyball, mini golf, tetherball, and corn hole boards. New this year is a craft corner with supplies you can use on their patio or take back to your campsite. Crystal Rock Mining Company Gem Mine on site. There was a separate information sheet that we were given at check-in that included rental fees for above games/activities.

Pets & Trails: Not a lot of space for pets as sites were close. No dog park but there was a small field down by the seasonal sites and tent sites that you could use. Our dogs need space to run so this campground was not ideal. No walking/hiking trails.

     Sites & Types: tenting w/ or w/o electric, RV water/30 AMP, RV full hook up pull through 30/50 AMP, RV full hook up back in 30/50 AMP, RV full hook up back in 30 AMP, cabin rentals

 Check in time is 2PM/Check out time is 11AM

 Our Site # A-18 back in full hook up 30/50 AMP. The A -Loop is best for big rigs but it's a tight fit and you are close to your neighbor. A lot of tree coverage so Starlink was not happy. There was also some kind of motor running 24/7 down below sites A-16, A-17 that we could hear in the background. Sites had fire pits and picnic tables; outdoor rugs were not allowed.

 Our Stay: Monday August 12 – Monday August 19 2024

 Cell/Internet/WiFi/Starlink/etc: A lot of tree coverage so Starlink was not happy. Campground WiFi was so-so.

 Would we revisit? Nope. Just not enough space for us and the dogs.

 Area Attractions we did:

- Cedar Point Amusement Park – we drove past it and took pictures but didn't go there as we had our dogs, Indi and Rubi with us.
- Marblehead Lighthouse State Park (OH State Parks are free) – Grassy picnic area around lighthouse as well as fun shoreline big boulder walking. Very nice and clean restrooms. \$3 to climb the 77 steps to the top and take in the beautiful views of Lake Erie. Dogs allowed on the grounds.
- We drove past the Merry-Go-Round Museum
- East Harbor State Park Dog Friendly Beach – good hike in along a bike trail or closer to the Lake along a narrow not so groomed path
- Drove along Cedar Point Road – beautiful scenic drive and million-dollar houses with their own private overlook of Lake Erie
- Resthaven Wildlife Area – walked in a cut field with the dogs, rough going, found some ticks on us afterwards
