 Our Site # P7 easy back-in (Staff escorted arrival, pulled on to the grassy area across the road and backed straight in.) It was gravel filled & mostly level. The picnic table was on the grass by a tree outside our door down a slight hill. Behind us were steps that led to our firepit cozied in under the trees.

 Our Stay: Saturday October 19- Wednesday October 23, 2024

 Cell/Internet/WiFi/Starlink/etc: Free 48 channels DirecTV cable and highspeed WiFi. We used our Starlink.

 Would we revisit? Sure, if in this area again. The campground was very nice, and our site was lovely. The owners were very nice, the grounds were clean, it was quiet. (Although you can hear big trucks on Hwy 22 off in the distance, it wasn't bothersome.)
