This year Edwina Martin House will celebrate 38 years of service to women from all over the Commonwealth of Massachusetts. Although based in Brockton, the only women's halfway house on the South Shore, women from all over the Commonwealth have found a foundation in recovery when participating in our on-going mission providing women with a second chance. We offer residential substance use disorder treatment, family counseling and employment training.

The Blake House and McDevitt House, our graduate houses, give our graduates the step up they need to re-enter the community. Both houses fill a necessary step in helping women transition back to their families and to the community. The houses were purchased and rehabbed with proceeds from generous donors and people like you, who join us each year to help us continue this mission. The graduate houses have been a huge success!

Even with wonderful news and continued progress, our goals remain the same in continuing our battle with addiction. Helping women reunite with children and transition back into the community with purpose and focus.

Each year we are faced with a deficit, but with your on-going support and unmatched generosity we continue to provide much-needed services to women. You have been our partner through it all.

To this end, we are seeking event sponsors and are gathering items for our auction. We hope that you will consider participating in any capacity; auction items, monetary donations or your time. All that you do and have done is most appreciated by everyone involved with this effort. Your support of this annual event speaks volumes to our residents and shows them that you are with us and that they are not alone.

Single ticket or full tables are available at www.emhouse.org for the 11th Annual Edwina Martin Fundraiser. If you have any questions, please call Judy at 508-583-0493.

Sincerely,

A handwritten signature in black ink that reads 'Judith M. McDonough'.
