

Dear Foster Friend,

Over 10,000 children in Arizona currently live in trauma from the issues that have been created in the home. Each teen's story is unique, but all are in need of our love and support. Our mission is simple. We want to ensure safety, stability, and love while fostering belonging, confidence, and personal development. Will you help us build a community of compassion that these kids need?

This year at Foster University, we have 3 core teams we want you to consider that will help us reach our goal of serving at least 200 teens and aging out foster youth.

- Program Success Team - Help us plan, organize, and execute one of our core projects this year of Christmas Wishes, Back to School, Clothing Drive
- Program Partnership Team - Help coordinate with local churches, corporations and partnership to expand our impact circle.
- Foster Alliance Team - Be a monthly conduit to a group home or foster nonprofit to ensure we are adequately serving their needs.

We know that our community can do immeasurably more than we ever could imagine and we hope you want to help expand our reach and impact.

## Financial Consideration

We recognize that everyone has a different ability to give both time and resources. We openly receive and openly give away 100% of donations to help foster teens in hopes that we can show them the love and care they deserve.

We also encourage using your tax credit opportunity to serve our partner organizations until we achieve that recognition!
