WORLD

There are some Newley released games based on cartoons, like this one from PAW patrol. They're adding more all the time so check that often.

THE HASARDS

Broken Switch?

JoyCon Won't Connect!?

Hardware Fix!

Broken switch?

If you ever broke a switch from working, fix it or buy a new switch. Make shore that a single Nintendo switch, like I said, is expensive.

Note: if you are saving up for Darkan manor resort or Eiffel tower or any other expensive trip, you have to fix your switch.

The end?

Surprisingly, I ran out of ideas for the switch. But, there is something funny at the end.

Thanks for listening!
