About Me

Award-winning wealth strategist, philanthropy expert and alternative investment authority helping leaders transform capital into lasting legacy.

Danita M. Harris, CAP, is a Chartered Advisor in Philanthropy and the founder of the GUICE Ecosystem — GUICE Wealth Management, GUICE Foundation (501c3), and GUICE Privado. She brings 20+ years of experience advising UHNW individuals, professional athletes, family offices, and corporate leaders at the intersection of alternative assets, strategic philanthropy, and generational legacy planning.

Danita is one of the rare voices in finance who can speak with equal authority on a donor-advised fund, a Basquiat, an equine syndicate, and an estate trust — and make every audience feel the urgency of getting it right.
