INDUSTRY GOLFING SOCIETY

RULES

Title

1. The Society shall be known as the 'Radio Industry Golfing Society'.

Membership

- 2(a) Playing membership of the Society is limited to 150.
- 2(b) The qualification for election of members shall be open to directorate, principals and executives of all radio and electrical manufacturers, wholesalers and retailers in Great Britain and Northern Ireland and such other persons closely associated with these industries as the Committee may from time to time approve. The

Committee shall, on receipt of a requisition, enquire into the conduct of any member, due notice being given to him, and may, if the Committee thinks fit, suspend or expel such member or call upon him to resign. Candidates must be proposed and seconded by members of the Society one of whom must be a *playing* member of the Society and must be personally known to the proposer and seconder. Candidates for membership will be required to attend a regular meeting of the Society to play with a member of the Committee prior to the consideration of their application by the Committee. Except for those members who hold office in the Society, the membership of every member shall cease on the day after the Annual General Meeting of the Society. At the first Committee Meeting thereafter the Committee shall re-elect such members as it thinks fit to do. Presidents, Captains and Honorary Secretaries for the time being of recognised radio and electrical golfing societies in the United Kingdom may be elected by the Committee as honorary members of the Society and be eligible to play in the competitions arranged by the Society, but not to compete for any prizes or sweepstakes.

- 2(c) A member must be a member of the Society for two years before proposing or seconding a new member.
- 2(d) Not more than two members a year can be proposed or seconded by a member.
- 2(e) The Society may, in General Meeting, appoint honorary life members, such members to be eligible to enter any of the Society's competitions and in all ways to have the privileges of ordinary membership. On retiring from business or reaching the normal retiring age of 65 all past Presidents of the Society become Honorary Life members.
- 2(f) Members of long standing who, in the opinion of the Committee, have retired from active participation in business, may, at the discretion of the Committee, be elected honorary associate members. An honorary associate member must be re-elected annually and may continue to take part in all the Society's activities.

3. Should the qualifications of a member change or cease he shall notify the Committee within one month, who may take any action they think fit.

Management

4. The management of the Society shall be vested in a Committee of a President and not more than ten members elected at each annual general meeting. Past Presidents shall be ex-officio members of the Committee with full voting rights. The Committee shall, at its first meeting, elect a Captain, Vice-Captain, Honorary Secretary and Honorary Treasurer. Five members of the Committee shall constitute a quorum. Two Trustees shall be appointed in general meeting who will have vested in them the authority to govern and administrate the finances of the Society.
5. The financial year shall commence on January 1st and end on December 31st.
6. An entrance fee of **£25** is payable by a new member elected to the Society.
7. The annual subscription shall be:

Playing Membership	£30.00
---------------------------	---------------

Non-Playing Membership	£6.00
-------------------------------	--------------

8. Subscriptions are due immediately upon re-election but no later than January 1st to ensure continuance of membership.
9. A general meeting may be called at 14 days' notice in writing either by the Committee or at the request (made in writing to the Hon. Secretary) of 20 per cent of the members of the Society.
10. No alterations shall be made to Rules 1, 2 4 and 7 without the sanction of a General Meeting.
11. The Committee shall be responsible for their interpretation of these Rules and shall have power to make any additional temporary rules, which in its opinion, may be required during any current year, but such temporary rules shall cease to operate unless ratified and adopted at the forthcoming annual general meeting.

Competitions

12. Competitions shall be held at such time and under such conditions as the Committee shall determine.
13. Disputes arising in connection with competitions may be settled by the Committee or by any person authorised by the Committee.
14. All competitions shall be governed by the **R and A** rules of play, subject to the local rules of the course over which the competition is played.

15. 'Open' Competitions, organised by this Society, shall be open to any golfer in the radio or electrical industry who produces a certificate of current handicap signed by the Secretary or Honorary Secretary of any golf club or recognised trade golfing society.
16. No member may take more than two prizes at any one meeting, one of which may be a major prize, and should any member qualify for more than one major prize he may elect which he shall receive. Only singles cups competed for are major prizes, including those for scratch competitions, Aggregate Cups and Veterans' Cups.
17. Competitors must not go to their starting tee should they be late for their starting time until they have reported to the Honorary Secretary.

Handicaps

18. The Secretary will decide a dividing line between Senior and Junior handicaps for the day for the purpose of achieving approximately equal numbers of competitors in each division.
19. The Society handicap of a new playing member who has no official golf handicap, shall only be awarded after the Committee has received three medal cards marked by a member or members of the Society.
20. All members shall notify the Hon. Secretary of their **lowest** club handicap and of any change in such handicap.
21. The maximum handicap allowed in any Society competition shall be twenty-four except in four-ball competitions, when the maximum shall be one stroke per hole.
22. Society handicaps shall be established for each season commencing with the member's lowest Club handicap with adjustments from time to time.
23. A deduction of two strokes shall be made from the handicap of any member playing over his own course in a Society competition.

Aggregate Cup

24. An Aggregate Cup will be awarded by the Society to the member with a Society handicap of 12 or less who, during the season, secures the best aggregate score in any three Stableford rounds playing the Society's competition but who fails to win any competitions. A second Aggregate Cup will be awarded to the member with a handicap of 13 or more under the same conditions.
