Rocco, Bridges of Hope CIC

'From May 23 I shall be in my new office (at Aspire) and will be available for a chat. I am willing to talk about my lived experiences and how I've come through Trauma and Addiction. I will also continue to put up messages of hope on Bridges and I want to set up a plastering workshop for all. There are not enough females in the construction industry and I hope to help young males that have got involved with crime or come out of prison with nowhere to turn.'
