Re: Flo-Gistics LLC Mark Imbimbo

To whom it may concern,

As Operations Manager of American Wear Uniforms, we decided to install the smart water valve and natural gas clamps at this location. Mark had informed us of the 90 day no questions asked guarantee, along with product warranty and no maintenance with the products. Presently, we are receiving 10% reduction in our water bill and 10% savings on our utility bill. If you are looking for savings in either or both areas, I would highly recommend these products.

Sincerely,

A handwritten signature in blue ink that reads "Joe Sherwood". The signature is written in a cursive style with a large, stylized "J" and "S".

Joe Sherwood

Operations Manager
