

Women's Ministry

Serving in the Tuesday Morning Children's Program

All groups will serve once or twice in the children's program over the course of the Bible study season. It is a privilege to serve the moms in Tuesday morning Bible Study and Mom's Life by taking care of their children. The expectation is that **all of us*** will serve during the time scheduled for our class.

When it is your small group's week to serve:

1. Report to the Children's Welcome Desk which is through the double doors to the left of the Grace Church Door 4 entrance. Use code 86134 to enter.
2. Please check in on or before **9:20 am**.
3. You will be given the room name and number where you will serve for the morning.
4. There will be a room lead in each classroom who will give you instructions for the morning.
5. Moms are requested to pick up their children at 11:15 am. The room lead will determine how many volunteers need to remain until all children are picked up. If you have a child in the program, let the room lead know so that you can go and pick up your child.
6. If an emergency develops the morning your group serves, please contact Kim Bertram kim.bertram@grace.church to let her know of your absence.
7. Those who are not able to serve on their scheduled date will be placed on a list to be called to serve at another time.

***If you have physical limitations**

You might have physical limitations which make it impossible to lift or get up and down from sitting on the floor with children. These are options for those with physical limitations:

1. At check-in time, request to be with the oldest children (3-5 yrs. old). Instead of sitting on the floor with children, use one of the adult chairs in the room as you interact with a child or children.
2. If in the infant nursery: Tell the room lead that you have a physical limitation and need to sit in a rocker and have a child handed to you to hold.
3. Request to do one of the alternative activities which may include being a hall monitor.
4. If you have an illness where your immune system is compromised, then we do not want to put you at risk. Immune-compromised ladies will be excused from serving in childcare.

Thank you in advance for serving in childcare on your scheduled week. It is such a blessing to moms with little ones. May God bless you for serving them!

Thank You!
