

Suncoast Shorelines

November-December 2021

PUBLISHED BY SUNCOAST CONCHOLOGISTS

VOL. 38, No 2

President's Message

Hello to everyone! Welcome to our holiday issue of Shorelines. Fall is in the air here in Florida! You know, less humidity and cooler air for our tourists and welcoming our Snowbirds. COVID has been hanging around a little longer than we would like. The Board of Directors and I are working hard to get us back to meeting in person. Our November meeting will be a zoom meeting due to the inability to meet at Grace Lutheran Church.

Did you know that we are celebrating our 37th anniversary as a club? Carolyn and Earl Petrikin and Mary Ellen Akers are our original founding members of the Suncoast Conchologists. Our first meeting was October 1984. They plan to bring the original photo albums and scrapbooks for all of us to see at our Shellabration in December.

Speaking of Shellabration, we are going to have our Celebration on Tuesday, December 7th 6-9PM! This is an exciting time for us all to meet, get festive for the holidays, play games, share presents, and talk about our shells! I will be keeping you updated on details as we get closer. The information is listed below. Hope to see you there!

You will be able to join us on our Field Trips that Steve has planned for us. I will keep you updated on events that you can attend from other clubs and the Bailey Matthews Shell Museum. Peek at the rest of our newsletter for details.

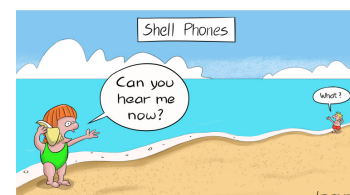

We would love for you to share our club with your friends and family. We would like to

welcome new members in the exciting world of seashells. You will see a new article in our **Neighborhood News** about our Suncoast Conchology Club. Our membership is \$20.00 a year. What a deal! Your membership includes:

- Information about seashells from our members who are expert scientists and lovers of seashells
- Go on fun field trips to explore our beautiful grass flats on a low tide to see how our marine life really lives. You will have opportunities to take boat rides and look for fossils.
- Our meetings provide opportunities to see seashells in our Mini box displays showcasing a theme.
- Attend Seashell conventions around the state as well as our own Suncoast Conchologists Shell show.
- Discover new shells and meet new friends who are also shell lovers like you.

December will be an exciting time to get together and share the holidays. Speaking of holidays, I wish you and your family a nice Holiday season. I will stay in touch with you and let you know about events, and details. Get outside and enjoy this beautiful weather. Happy Holidays everyone!

Debi McCreary
President

PLAN AHEAD

Tuesday, November 2, 7PM Suncoast Conchologists Shell Club is having a Zoom meeting for our members. Our speaker tonight will be Steve Geiger, he is presenting his program, "Some Who Are, Don't, And Some Who Is And Does.... Is, But Doesn't. Mary Ellen Akers will have an Educational Program for us.

NEGATIVE or LOW TIDES for Egmont Key

November

Fri	5 th	-0.37	6:53	AM
Sat	6 th	-0.48	7:43	AM
Sun	7 th	-0.49	7:38	AM
Sat	20 th	-0.23	6:18	AM
Sun	21 st	-0.23	6:56	AM

December

Sat	4 th	-0.78	5:50	AM
Sun	5 th	-0.82	6:42	AM
Sat	18 th	-0.45	5:35	AM
Sun	19 th	-0.48	6:12	AM

But remember, the low at St. Petersburg occurs almost 2½ hours after the low at Egmont Key, but Clearwater Beach is very similar, about 10 minutes behind Egmont....

WHAT: This year our club will provide pizza, soft drinks, and cake at no charge to you.

We will have games, a gift exchange, raffle, prizes and an opportunity to share the holiday spirit with you!

WHERE: Near Countryside Mall
(Exact location will be in an email closer to the event)

WHEN: Tuesday, December 7, 6-9pm

WHY: Because we miss seeing you!!

HAPPY HOLIDAYS!

Sunshine Skyway Field Trip – October 24, 2021

Pictures courtesy of Steve Geiger

We had about nine people attend (plus a tag along!) Good fun was had by all. Nothing spectacular, but nice examples of local species.

Predation by crabs (left) starfish or snails (top right) moon snails or drill (bottom right).

Digging in some rotten wood for shipworms (a bivalve that erodes wood)
