

Private Investigators & Security Consultants

ETS is one of the leading Private Detective & Security Agencies in the United States.

We provide best-in-class information, intelligence, investigative, security, consulting, and training services to clients throughout the United States through our 360° risk management approach. Our technology, extensive data resources, and decades of experience and relationships are force multipliers bringing to bear a technologically advanced team working on your behalf to identify its risks, threats, vulnerabilities, and gaps in your current risk management profile. We primarily service Business to Legal (B2L), Business to Business (B2B), Business to Government (B2G), and Business to Education (B2E) clients.
