

Petrichor Foods

About Us

Petrichor Foods is an export-oriented company based in Sofia, Bulgaria, specializing in the sourcing and supply of premium food ingredients from Turkey and the Balkans. With a strong foundation in scientific knowledge and a hands-on approach to quality control, Petrichor Foods delivers clean-label, traceable, and consistent food products to global markets.

Operating with agility and precision, the company bridges the gap between small and medium-sized producers in Turkey, and importers seeking transparency, flexibility, and uncompromised quality.

Values

- **Product Integrity:** Every product is selected based on origin, natural composition, and compliance with international standards.
- **Scientific Oversight:** All shipments are managed with a strong focus on food safety, chemical control, and regulatory compliance.
 - **Transparent Communication:** Clear documentation, honest feedback, and solution-oriented service define every transaction.
 - **Flexible Logistics:** Operations are structured to meet custom packing, labeling, and delivery preferences based on client needs.

Operations Overview

- **Head Office:** Sofia, Bulgaria
- **Procurement Regions:** Western Türkiye and the Balkans (including Serbia)
- **Export Markets:** European Union, UK, and US
 - **Production Type:** Non-manufacturing, value-adding trade company focused on quality assurance, logistics, and client satisfaction.

Working With Petrichor Foods

Importers, distributors, and private label brands rely on Petrichor Foods for:

- **Reliable quality & traceability**
- **Scientific and regulatory support**
- **Custom packaging & design**
- **Direct-from-origin supply chain**

Our Products

Dried Apricots

- Origin: Türkiye
