## **Board Of Directors**

### **Tim Lyons - President/CEO/Founder**

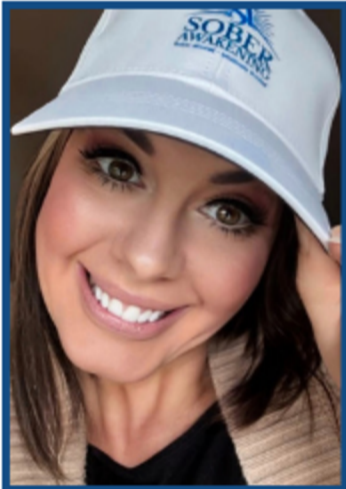

Tim brings a wealth of experience and a deep personal journey to his role as Founder, President, and CEO of SoberAwakening Inc. NFP. He holds an undergraduate degree in Business from Illinois College and a graduate degree from Marquette University. His professional journey spans from nonprofit advancement between 1997 and 2004, to a successful career in medical industry sales and marketing since 2005.

In 2014, after a progressive decade-long downward spiral into alcohol dependency that required medical intervention, Tim reached a critical turning point. Beginning his sobriety journey, he experienced an unexpected and profound spiritual awakening. This pivotal moment transformed his life and ignited his passion to help others achieve the same enlightenment.
