USE

Grime Gone is professionally formulated to remove tough soils on most hard surfaces, including: stainless steel, chrome, porcelain, most ceramic, quarry tiles, terrazzo, linoleum, and vinyl. Use "Grime Gone" effectively on marble, concrete, and painted surfaces, too. The water-soluble packets combine the advantages of premeasured with water-solubility. The foaming action guarantees that both the cleaner and the packet will dissolve quickly and completely.

APPLICATION

Select proper dilution strength. For routine cleaning, add one packet to 3 gallons of warm water. For heavier soil, add one packet to 2 gallons of warm water. Apply solution with mop, cloth, or sponge.
NOTE: Do not remove packets from container before use. Do not handle packets with wet hands. Reseal container after removing packets. Store in a cool, dry place. Keep from freezing.

BENEFITS

- Simple to use
- Cost-effective - No overpour
- No waste - Grime Gone is packed in a water-soluble packet
