CORE-MARK CAN LINER GUIDE

STEP 1: CHOOSE ONE OF TWO PLASTIC TYPES & GAUGE.

PACKAGING

Topside Dual-Dispensing Packaging. Our topside dual-dispensing cartons were developed in response to market demands. Now, cartons may be stacked to save space while still dispensing liners with greater ease.

BOTTOM SEALS

Almost all our bags are manufactured with Star Seals because they provide the strongest seal. Because a Star Seal is not possible with the thickest-gauge material, a Flat Seal is used to create the strongest possible seal for these heavy-weight bags.
