**10:00 AM-11:30 AM** *Walking Tour of Montour Falls with Gary Emerson.* Gary literally wrote the book on the Chemung Canal and is the well-recognized authority on its history. In cooperation with the Schuyler County Historical Society, the tour will follow the historic canal landscape through an amazingly-intact mid-19th century Upstate village. Further information on the tour will be sent the week prior.

**Lunch** *On your own.*

**12:30 PM-2:00 PM** *Seneca Lake Cruise.* In Watkins Glen at 1 North Franklin Street, we will board Captain Bill's very spacious *Seneca Legacy* ([www.senecaharborstation.com/the-legacy](http://www.senecaharborstation.com/the-legacy)). Known in the time of the Chemung Canal as Salubria (really?) and later Jefferson, the Glen was the northern entrance of the Chemung Canal. Before the Chemung Canal faded away in the 1870s, one would have seen fleets of coal-laden canal boats being towed north on Seneca Lake. We'll pass one of the most noteworthy footnotes in Erie Canal history - Hector Falls. It was from the Falls that the

*Mary and Hannah* started its celebrated 1823 voyage through the just-completed sections of the Erie Canal to New York City, being received there with great fanfare as the harbinger of the success to come.

**5:00 PM-7:00 PM** *Registration* at the Radisson Hotel Corning.

**7:00 PM-8:30 PM** *Information session.* An illustrated preview will be provided at the Radisson of the Saturday and Sunday tours.

It was during this time that she researched and recorded oral histories of the 1972 Agnes Flood in the Elmira-Corning area.
