

Ultraviolet Giving is an uncompensated, volunteer-driven 501(c)(3) public charity, non-profit organization dedicated to providing support and aid to children in need. We believe that every child deserves access to basic necessities such as safety, food, shelter, education, and healthcare.

Every year, we host a Pitch Night where local non-profit organizations network together and present their 3-minute mission pitch to our Board of Directors with a guest judge (a representative from the prior year's selected mission). Each board member and judge votes for their top two choices, and the organization with the most votes becomes our next Spotlight Mission. Our annual Spotlight Mission will receive the proceeds from our Signature Annual Candlelit Wine Dinner, which is held every February.

Step 1: Initial Application to Present – Pitch – Your Mission to Ultraviolet Giving
