Live wedding painting

A moment captured in art, LIVE. A widely popular service and rising trend in SA. Live event or wedding painting is a way to keep a moment in your day, forever in watercolour.

From the first kiss in a chapel at a wedding, or a harvest table at a corporate dinner, the hero of the painting can be anything. This setup is minimal - my French Easel, chair, small table and light.

Packages

Live painting is quoted per person, per size. Guests will always be blurry in the background unless requested otherwise. The priority is the bride & groom.

All packages include travel in Pretoria, with minimal setup with my French Easel. Any further travel will be additional.

All packages include up to 6 hours of prep and painting live at the wedding, anything not complete at the wedding will be done afterward. Delivery included. Frame excluded.

Live painting per face

A3 - R2500

A2 - R3000

A1 - R3500

A0 - R4000

The rijk geel difference: Before the wedding, we will decide on the moment you want to capture, and practice it. That will give me enough reference to start prepping the artwork. Most of the work and details of the moment will be added on the day.

Abstract guest portraits

Live abstract portraits that take about 10-15 to do. I paint loose, and capture my subjects (models) with abstract artistic expression - how I perceive them in that moment.

It's a fun souvenir of the day and to experience being painted live. Year end functions and wedding thank you gifts, team building, birthday and event entertainment. All packages can be tailored to your event. Die geel trijler is available to be used, or I can setup in your venue where it is suitable.

Watercolour workshops

I am a professional watercolour artist and I truly love what I do. I see myself as a **medium** to bring art to the world, most importantly, art that they choose themselves. Art can be so subjective, and by painting what my clients request, I make sure that they too can feel how powerful art can be. It can change lives!

I also love to teach! I am a Lecturer at a tertiary institution, teaching the young creatives to be strategic designers of the future.

I teach group exercise classes at Virgin Active, so, teaching is a pillar of passion in my life.

During any of my classes, the most important is that you feel invested in what you're creating. It is my job to teach you the **skills to love the medium**. To feel the power of art. The satisfaction of mastery and of feeling fulfilled.

To find personal symbolism behind what you created yourself.
