Cross Cultural Youth Country Perspectives on Climate Change

Presenters: GEM Staff

A series of youth meetings with a variety of times for the following countries to meet and discuss the **10 basic questions in their SCoPA: COP 26 program on February 28, 2020. Discussion is supported by GEM staff. Purpose is to become more aware of climate change issues in your country and share them with your peers in other parts of the world. Use the *10 Guide Questions that were central to the COP:26 UN Conference on February 28, 2020. This will help secure the youth assessment of before and after their climate change experiences.

The program(s) can have multiple countries represented from the Original 9 and include other member state of the United Nations. There are 193 countries in the UN.

Cost: \$250 Per Meeting
