

Below is a summary of those who qualify for the Peter Thompson Classic and the point for team/angler of the year.
 To compete for team of the year anglers must fish a minimum of 4 tournaments plus the classic. Those that meet this criteria are listed first on the sheet.
 An orange cell indicates the points that were dropped for the overall points calculations.
 Anglers that fished only 3 tournaments qualify to fish the Classic, BUT they do not qualify to compete towards the team of the year or the 175 and under title
 The anglers that fished 3 tournaments are listed second on the list and are arranged by points.
 The red on the sheet indicates the angler fished in a boat that was 175 hp or lower. If the Angler has 4 tournaments in red and they fish the Classic in a boat with a 175 hp or lower, they qualify to compete towards the 175 and under category.
 If you feel there is an error in the sheet please email quintefishingseries@gmail.com with the error information and we will review the stats from each tournament.
