

Seamless Sanitary Flooring Systems

- EC-80 - Epoxy coating and lining system (16-250 mil)
- EC-8602 - Non-yellowing pigmented epoxy resin system (16-250 mil)
- EC-90 - NOVOLAC epoxy coating and lining system (16-250 mil)
- EC-9602 - Non-yellowing pigmented NOVOLAC epoxy resin system (16-250 mil)
- EC-200 - Vinyl ester coating and lining system (16-250 mil)
- Thermcrete - Polyurethane cement floor surfacer (250-500 mil or 16-250 mil)
- Primer 75 - Moisture tolerant epoxy primer
- Omnicrete - High strength reinforced concrete repair mortar
- 926 - Fast cure penetrating epoxy underlayment
- 926MT - Moisture tolerant epoxy underlayment

Vitrified Ceramic Tiling Systems

- CP 36VTG - Epoxy setting bed / adhesive
- CP 96VTG - Novolac epoxy setting bed / adhesive
- CP 3810 - Water washable epoxy vitrified tile grout
- CP 3811 / 3811V - Water washable epoxy brick & tile grout
- CP 9810 - Water washable Novolac epoxy vitrified tile grout
- CP 9811 / 9811V - Water washable Novolac brick & tile grout
- CP 96TG - Fast set high chemical resistance Novolac grout
- CP 100 HMW - Non-shrink vinyl ester tile grout
- CP 110 HB - High bond vinyl ester mortar
- CP 25C / CP-25CG - Carbon filled Furan mortar/grout
- CP 29C - High temp carbon filled Furan tile grout
- Sealant 5540MT - Flexible Novolac epoxy joint sealant
- Sealant 63 - High elongation polyurea joint sealant
