DATE: 21/05/2013 SRI No. 2003 AGE: 65 Yrs SEX: M

REFD BY: _____ COMPANY: _____

FINE NEEDLE ASPIRATION CYTOLOGY

Date of Aspiration : 21/05/13
Date reported : 24/05/13
Cytopath No. : F1513/13
SITE : - Tongue ulcer - right lateral border.
Scrapings taken.

MICROSCOPIC : Smears from show mainly nucleated, few anucleated squamous epithelial cells and inflammatory cells.
At places squamous cells are showing slight enlargement of nuclei and hyperchromasia with occasional bizarre cell shapes.

IMPRESSION : Cytomorphology is consistent with **Atypical squamous cells.**

CHECKED BY: _____ **Dr. NAKSHATRA AGARWAL** M.B.B.S., M.D., M.F.A.C.

Facility for Semen Preparation for IUI, Follicular Monitoring, Trans-Vaginal Ultrasound, USG guided FNAC, Biopsy, All Tumor Markers, TB Gold and HIV Hemocare Assays.

Above mentioned findings are a professional opinion and not a final diagnosis. Not valid for medicolegal purposes. All investigation reports are to be correlated clinically, discrepancies, if any necessitate review/repeat of the test & Report.

PROVISIONAL DIAGNOSIS

Atypical Squamous cell carcinoma right margin of tongue.

CONSTITUTIONAL TOTALITY

Mental	Ailments from suppression of emotions, business failure and being deceived. Irritable Impulsive Impatient Restless
Desires	Salt, Tobacco
Food Aggravation	None
Physical Generals	Moderate built Sleep restless and unrefreshing Cancerous affections

ACUTE TOTALITY

Burning pain in throat. Feeling of suffocation on going to sleep. Restlessness.

MIASMATIC TOTALITY

Fundamental miasm	Sycosis + Syphilis + Psora +++
Dominant miasm	Psora+++ (Atypia, hyperchromacia, Food desires etc.)
P3S1C1	Syphilis+ (Tissue Destructions)
(P= Psora, S= Syphilis, C= Sycosis)	Sycosis+ (bizarre shaped cells, Inflammatory Changes, etc.)

GENERAL MANAGEMENT

Good personal hygiene, highly nourishing diet and bed rest.

SPECIFIC MANAGEMENT

Strict control on any other medication.

CASE ANALYSIS

Mr. S M 60 18188 / 24-05-2013/ Cancer Tongue right margin

FIRST PRESCRIPTION

Date 24-05-2013

Staphysagria 1M stat

Sac Lac TDS

Criteria

Mental symptoms matched. Causations matched. Miasm matched.

SECOND PRESCRIPTION

Comment

Much better except sleep.

Date 02-06-2013

Sac lac TDS

Criteria

Better. Favourable action of remedy started. Sleeplessness not so better, may be due to some suppressed disease picture.

THIRD PRESCRIPTION

Comment

Same condition. No further improvement. Sleep restless.

Date 15-06-2013

Ignatia amara 200 Stat

Sac lac TDS

Criteria

Some suppressed portrait of disease causing disturbance in sleep.

FOURTH PRESCRIPTION

Comment

Almost Asymptomatic. No more symptoms to discuss.

Date 02-07-2013

Sac Lac TDS

Criteria

Much better in general.

FIFTH PRESCRIPTION

Comment

No more symptoms.

Date 26-07-2013

No medicine.

Criteria

Cured. Confirmed by biopsy of tongue.

Biopsy Dtd. 25-07-2013	Chronic glossitis. (NO EVIDENCE OF MALIGNANCY)
------------------------	--

RESULT

Cured. Since causative factors were suppression of emotions, grief and vexation, the case responded well to Staphysagria followed by Ignatia. Miracle due to eternal Homoeopathic philosophy.
