

ENGAGE YOUR NETWORK WITH RTI

yugantar

YouRTI.in tailored for your organisation

The YouRTI.in model provides your organisation access to the technology that makes RTI filing simple and accessible.

For an affordable cost YouRTI can be embedded into your organisation's website packaged as your own RTI filing service.

Basic Features

- Anonymous RTI requests
- Customised user interface
- One click access to responses
- Access to all RTI requests
- Access to hundreds of RTI responses filed and shared through a flexible search feature
- Quick and easy account activation
- Manage and track personal RTI requests
- Statistical insights

Additional Features

Each technology-based additional feature will have an additional cost.

Additional features include:

- TatKal RTI - applications filed within 48 hours
- AI-based spam filtering system
- Theme/ location targeted filtering system
- Premium access - organisations and if required, their users, can have exclusive access to their RTI responses
- Automatic social media posting
- Regional languages
- Other features tailored to meet the needs of your organisation are also possible
