## Terms of Service

### Steps in Placing your order for products produced by Walgreens.

- Contact Shiranda by phone, email or text to place or discuss your order.
  - **Provide your name, phone, and email address**
- Provide the **complete address and phone number of the Walgreens** where you wish to pick up your order
- Make payment to Shiranda via Zelle or Venmo.
- I, Shiranda, will place and manage your order
- I will notify you when the order is ready for pick up
- Shipping to your address varies: \$14.99-\$25.99-\$36.99.

### Pricing

My cost in ordering your products vary because I am ordering through Walgreens, a third-party business which periodically offers sale pricing. I've determined the cost to you based on regular prices and a median base price on sale pricing. In this, **your price remains consistent** until new factors need to be considered.

### To that base price, I've added \$45 in consideration of:

- My ownership of the image and art
- Photo editing and management
- Order placement and management
- All personal handling and communication with you
- Taxes.

### Your cost for items you pick up at your local Walgreens store.

- **Floating Frames: \$80 (same day pick-up)**
- **8x10 Inch Wood Panels: \$65 (same day pick-up)**
- **11x14 Inch Wood Panels: \$90 (ship to store)**
- **11x16 Inch Wood Panels: \$100 (ship to store)**

My experience is that what should be "same day pick-up" may be next day, depending on time the order is placed and how busy that store is in producing orders. I allow that "same day" may be "next day".

11x14 and 16x20 inch wood panels are not produced in store. You can pick-up at your local Walgreens store, usually, allowing up to two weeks for production and shipping. Upon placing your order, I will communicate with you the expected time it will arrive at the store.

**Please closely examine your item when picking it up in the store.** Given, there is a flaw or other problem with your Floating Frame or 8x10 inch Wood Panel, Walgreens will redo your

order in store. For problems with 11x14 and 16x20 Inch Wood Panels, I will need to reorder. You may need to return to your store with the item to verify the problem if you have already taken it home. It will require our communicating with each other if I need to place the order again. It will not involve any additional costs to you.

**All sales are final at the point I place your order with Walgreens, except where there is a problem with the quality of your product.**

If these terms are agreeable to you, I am happy to receive your order and to work with you to ensure you receive a beautiful Floating Frame or Wood Panel. I appreciate that this process takes more effort than commercial sites where you select, provide personal info, and make payment. Thank you for your interest in my art.

Sincerely, *Shiranda Deerwoman*
