WOMEN of  
COURAGE

# Who Are We?

*Imagine a world where every child is safe, every victim is heard,  
and every survivor is empowered.*

*This vision fuels the heart and soul of **Women of Courage**, a network passionately dedicated to supporting The Family Resource Center. This nonprofit organization tirelessly works to advocate for children, provide resources for victims of sexual violence, and prevent teen pregnancies in Kershaw and Lee Counties of South Carolina.*

*We are mothers, sisters, friends, teachers, politicians, ministers, and survivors. We are ordinary women with extraordinary determination, united by a common goal: to heal and put an end to the impact of child abuse and sexual violence. Through our collective strength, we speak out, provide financial support, raise awareness, and actively engage our community in this vital fight.*

# IMPACT

*The financial support from WOC annual memberships directly empowers The Family Resource Center to bring justice, hope, and healing to child victims and their families. Our giving circle is committed to advancing systemic change through impactful programs and creating dedicated funds for innovative prevention, intervention, and treatment initiatives throughout our communities. Together, we build a safer, brighter future.*

## WOC Membership Benefits

- *Exclusive seat at the 4th Annual Women of Courage Award Luncheon*
  - *Opportunity to join the Women of Courage Steering Committee*
  - *Subscription to the inspiring Women of Courage e-newsletter*
  - *Recognition on TFRC social media and marketing materials*
- The satisfaction of making a significant and meaningful impact in our community*

## Your Responsibility
