## Overview

At The Garden of Eden & You Ministry, we are driven by a mission to empower and uplift communities facing financial challenges and housing insecurities. Established in 2022, our non-profit organization is dedicated to providing comprehensive support to individuals and families dealing with pressing needs such as emergency food assistance, utility payments, rent, gas expenses, lodging, and foreclosure.

In the wake of the COVID-19 pandemic and the ongoing financial challenges, we are witnessing a surge in the need for emergency utility assistance, increases in foreclosures, and unfortunately, the trend is expected to persist in the coming years. The aftermath of these crises has left many individuals unable to meet their basic financial needs, exacerbating the strain on households. As a result, the pressing need for emergency financial assistance and sustainable, affordable housing options has become more critical than ever before.

To address the growing needs within our communities, we have intensified our endeavors to offer a wider range of support services. This includes enhancing our provision of utility assistance, extending assistance for temporary lodging, facilitating rental and deposit support, providing aid for gas expenses, intensifying our efforts in foreclosure prevention. Crucially, we have forged impactful relationships with numerous landlords and property management companies. These partnerships enable us to efficiently aid individuals actively seeking rental assistance, ensuring a more streamlined and effective process for those in need.

Our observation has revealed that challenges in one aspect often coincide with other underlying issues. Through a single community relationship, we can directly address the complex and interconnected needs of families and individuals experiencing an acute crisis. This holistic

approach allows us to make a meaningful impact on multiple facets of their lives simultaneously.

We support those confronting foreclosure challenges. Here at the Garden of Eden and You Ministry, we have established an effective system enabling us to assist homeowners in active foreclosure and acquire distressed properties by settling the outstanding amounts owed by homeowners. Subsequently, we offer them the opportunity to remain in their homes while presenting a unique option to repurchase the property at a significantly reduced cost. This approach not only helps maintain the fabric of communities but also delivers a crucial service that directly impacts those facing urgent housing needs.

Beyond our financial services, we are steadfast in promoting community stability by implementing mandatory financial literacy and coaching programs for our recipients. We firmly believe that a foundation of financial understanding, strategies, and basic literacy is essential for fostering the financial health of every household and community. Through these initiatives, we aim to empower individuals with the knowledge and tools necessary to make informed and sustainable financial decisions, contributing to the overall stability and prosperity of the communities we serve.

The Garden of Eden & You has established meaningful partnerships with experienced financial coaches and counselors to guarantee that the services we offer align with the specific needs of our clients in their respective areas. These collaborations enhance our ability to provide tailored and effective support, ensuring that our clients receive comprehensive financial guidance and counseling that addresses their unique circumstances.
