Flavonoids • Fiber • Gluten Free • 100% Organic • Grain Free • GMO Free • NO THC**

Tina & Chester's Mojo Story:)

Posted September 3, 2018

I would like to mention I tried this product on my senior Boston Terrier, Chester. He was slowing down a bit due to age/arthritis issues. I thought, OK I'll try a bag and see. Well I have to say I'm completely 200% satisfied. He's moving around much more freely and just generally seems so much happier and comfortable. I'm now on my second bag and highly recommend this product. He's even running around playing with his ball and has periods where he's playing like a puppy again. I'm not getting paid for this endorsement just think it's a great product and hope others try it too...

Dhillon & Snoopy Mojo Story:)

Posted August 13, 2018

Hello, My name is XXXXX, my Husband XXXXX spoke to yesterday in regards to Mojo Pet Supplements for our Snoopy. Just wanted to give you little bit of the back ground on the health of Snoopy and his now progress. Picture attached is picture of our beloved Snoopy, he is 9 years old Jack Russel terrier, he has been with us since he was 6 weeks old and very important member of our family. Snoopy has been Diabetic for the last 5 years insulin dependent, and just in the last 2-3 months he started getting seizures, first it was every few weeks but in the last few weeks he was getting them every day. It was so painful for us to see Snoopy go through this suffering and feel helpless in not being able to help him. Little research and talking to a lot of people about Snoopy's condition got us to Global pet food, where we purchased CBD Mojo's pet supplements, and it is working wonders. We started Mojo's Supplements August 2nd, and Snoopy has not had any Seizures for a week now, he is also looking a lot happier and playful. We want to thank you from bottom of hearts and making this product, and bringing happiness to my family, GOD BLESS.
