

# Rare72 Cycle Phases

Results from the Rare72 Cycle are compiled and results shared with the rare disease community. Next steps for implementation are addressed.

Phase 5 - Reporting  
Debriefing Session

R72 teams present their solutions virtually and community voting opens. Judges also review submissions.

Phase 4 - Days 31-45  
Presentations & Voting

R72 team members are mentored as teams work to source solutions for their selected thread.

Phase 3 - Days 4-30  
Team Working Cycle

Participants upload challenge-specific resources to the appropriate Rare72 Wiki for the first 72 hours. Interactive discussion threads are open.

Phase 2 - Days 1-3  
Resource Upload

Identification of Challenges and Problem Pitches from rare disease stakeholders.
